TERRIBLE FALL AND HORRIBLE DEATH.-The boly of a young man, horribly mutiliated, was dicovered on Saturday morning under the suspension bridge on the city side of the river. It proved to b: thet of Exoca Glasgow, who was in the employ FOR SALE BY THE UNDERSIGNED AT Hart, Macrea & Co., wholesale grocers on Maret street. The c.raum-tances of his death, as elicited before the Coroner, are briefly these: On Friday picht young Glasgow and a customer of the hous, in which he was employed, from Faveiteville, by the name of Yante, met by appointment, and together attended the Theater, after which they walked about the city for some time, and then bent their steps toward the store where they intended to loop. Hearing the whistle of a steam-boat, they went upon the suspension bridge to see her pass up. Getting a short distance from the gate, feel sure we can suit every body in every thing. Our fa-Glasgow took had I of the iron rods supporting the beams, and seat d hims If upon the railing. His friend remonstrated with him about the danger of his conduct; but he told him to quiet his fears, as he was not going to fall. The boat in the meantime had nearly reached the bridge, and Yante walked further out upon the bridge to look down at her as she passed und r. He watched her golug up for a short time after she passed, and then returned to where he had left Glascow. The latter had disappeared. As they were to lodge together Yante supposed Glasgow would not leave him, and therefore teared that he had fillen. He could discover nothing below, however, but being anxious about the safety of his triend he proceeded to the store, where he ascertained that G. had not arrived. He returned to the bridge accompanied by moother gentl man of the establishment, and they together employed all the means they could make use of to discover if the missing man had fillen from the raining where he was lost seen. Being unable to distinguish any thing like a man, they NO. 20 PUBLIC SQUARE, SOUTH SIDE, separated and retired. THE MINSTRELS. - The success of the Campbell Misstrels, though always flattering to them when they have visited this city heretofo e, never was as great as it is at this time. The Theatre, night after night during the past week has been crammed to overflowing, with fine and d lighted audi need. A ju fictious vari ty of entertainments having been observed, the interest has suffered no abatement nor is it probable that it will flag for the r maining four nights which they are to occupy. Those who enjoy a good hearty laugh and fine music, should not Lad to see these immutable performances. The troupe embraces the best talent in Ethiopian delineations in the country.

13 If the following from the New York Her ald's Washington correspondent is to be relied on, Mr Buchapan may yet find "constitutional" means of conferring fifteen or twenty millions of dollars upon Compostort :- "The position of Mexico at the LIBERAL DISCOUNT TO THE TRADE the present moment is peculier. Comonfort can maintain bimself only by obtaining money, and at the same time concentrating his government within reasonable limits. The provinces of Lower Califor nia and Sonora, lying for away from the populous portion of Mexico and affording her no revenue, would be of great value to the United States; and I learn from unquestionable authority that Mr. Buch, auan is prepared to negotiate at once for their pur chase These negotiations will not be conducted by Mr. Forsyth, who has shown himself to be of the lightest timber.
